Just wanted to see if any members had any new research relating to Selina GARDNER daughter of Reuben GARDNER and Ann nee BROWN.

Descendants are about to publish an updated book and dvd to celebrate the life of this extraordinary woman who immigrated with her family as parish paupers in 1842 on the 'Trusty' to the Swan River Colony. They made good as they were hard workers with few expectations and became landowners within 10 years of arrival.

Their many descendants are grateful for the industrial revolution, agricultural revolution and parish rules of the time which sent them to the ends of the earth to become successful pioneers in Western Australia.

All information will be acknowledged in the publication.
